Camp

UC IRVINE 2016

B.S. Material Science and
Engineering

ERIC MALVAR

SOFTWARE ENGINEER

OBJECTIVE

Full-Stack web developer with a background in Quality and Applications Engineering. An outgoing individual with a passion for continuous improvement as well as a desire to create user-friendly scalable web applications. A true team player with a positive attitude to take on and succeed at any task.

UC IRVINE FULL-STACK BOOT CAMP (STUDENT)

(May 2019-October-2019)

UC Irvine

- ◆ Used JavaScript, React, Node JS, HTML, CSS, MySQL, and Express to produce a variety of interactive full-stack web applications
- ◆ Worked on multiple group projects using Git to maintain version control

APPLICATIONS ENGINEER II

(January 2017-April-2019)

Hexagon Metrology Inc.

- ◆ Assisted our developer team in submitting tickets, tracking bugs, and implementing improvements in PC-DMIS software using JIRA
- ◆ Oversaw automation of inspection processes for over 50+ customers including: NASA/JPL, SpaceX, and Zimmer Biomet
- ◆ Responsible for software training and product demonstrations for large groups of customers from various companies
- ◆ Created a multitude of automated CMM inspection programs for a variety of mechanical, electronic, and optical parts
- ◆ Used SPC software in order to track customer manufacturing repeatability and to diagnose issues in manufacturing processes
